## **DETAILED ACTION**

### ***Drawings***

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: "clauses 29" not shown in Figure 1. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### ***Specification***

2. The disclosure is objected to because of the following informalities:
3. In paragraph 26 line 10, "clauses 29" is not in Figure 1.
4. Appropriate correction is required
5. The abstract of the disclosure is objected to because it contains reference numerals in line 2, and 4-11. The abstract may not contain any reference matter.
6. Correction is required. See MPEP § 608.01(b).

***Claim Rejections - 35 USC § 112***

7. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

8. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

9. In claim 1 line 3, the phrase “resolvent of clauses” renders the claim indefinite, as it is not clear what resolvent of clauses means.

10. In claim 1 line 5, the phrase “retrieving an example” is indefinite because there is no mention of from where the example is being retrieved.

11. In claim 1 line 6, the phrase “generating a proof tree from the example” is indefinite, as it is not clear what a proof tree is and how it is generated from the example.

12. In claim 1 line 8, the phrase “transforming the proof tree into a database” is indefinite, as the step(s) of transforming a proof tree to a database is not mentioned.

13. In claim 1 line 10, the phrase “converting the rule into a partial proof tree” is indefinite, as the step(s) for converting the rule into a partial proof tree is not mentioned.

14. In claim 1 line 12, the phrase “transforming a partial proof tree into a database query” is indefinite, as the step(s) of transforming a partial proof tree to a database query is not mentioned.

15. Claims 2-10 are indefinite because they are dependent claims of claim 1.

16. Claims 1-10 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
